TERMS & CONDITIONS

RETURNS

- All returned products require a Return Good Authorization number (RGA). Contact our offices to obtain a RGA number.
- Products to be returned should be carefully packaged and include an itemized list. Please include your account name, account number, and complete address of your location. Credit will be issued after verification of merchandise is received.
- Merchandise returns are subject to a 20% restocking fee.
- All returns are for credit on account, no cash refunds will be issued.

PAYMENT TERMS

- New customer accounts are prepaid for their first order.
- Net 10 day terms on approved credit with completed and signed credit application.
- We gladly accept Visa, Master Card, and American Express with signed credit card authorization form.
- All accounts require a State Resale Certificate number to be on file.

FREIGHT

- Retail items orders over \$350.00 are Freight prepaid.
- All remaining items in the catalog (Vending, Parts, Supply, Chemicals) are FOB.
- Minimum order of \$75.00.
- Superior Car Wash Supply ships with UPS or FedEx via ground transportation within the continental United States at shipper's discretion.
- Shortages, lost, or damaged goods must be reported within seven days.

PRICE

- Please consult our price list.
- Although we strive to maintain prices for the term of this catalog, we may be forced to adjust certain prices during the year. Orders will be invoiced at the prices prevailing at the date of shipment.

AIR FRESHENERS

Superior Auto Extras offers the largest variety of best-selling and high profit margin AIR FRESHENER in the car wash industry. We stock an assortment of styles and scents, including the best sellers from brands such as: Little Trees, Refresh Your Car, California Scents, Febreze, Glade, Yankee, and Scentique. In addition to carrying high quality products, our sales representatives are armed with extensive data including product knowledge and sales statistics to ensure your show room is supplied with the best items for your region and demographic. Moreover, our reps are experienced in showroom merchandising to maximize profit!

PLANOGRAMS

A person wearing a white long-sleeved shirt is shown from the chest down, leaning over a counter. They are using a grey card reader device. To the right of the card reader is a black computer monitor on a stand. The background is blurred, showing what appears to be a retail or office environment with shelves and other people.

Superior Auto Extras offers an extensive selection of pre-designed collections of best-selling and high profit margin AIR FRESHENER, steering wheel covers, floor mats and other auto-related accessories. These collections help to take out the guesswork and are offered in configurations ideal for different types of retail establishments.

ORGANIZERS

Superior Auto Extras has joined with Luxury Driver to provide the very best car organizers. These car organizational products are manufactured using quality materials and multifunctional designs. With the customer in mind, these car organizers have non-skid surfaces and large storage capacities, and most importantly they are easy to install and very affordable. These products are appealing to a variety of customers ranging from the traveling sales rep to the stay at home parent. If your customer has a desire to keep their car clean and organized, our Luxury Driver organizers are the way for them to go!

AUTO MAINTENANCE

No car wash show room would be complete without automotive maintenance items! At Superior, we carry various auto maintenance products such as protectant wipes, leather cleaners, and anti-bacterial wipes — all manufactured by popular national brands including: Lexol, Armor-All, WD-40, and Blue Magic. Providing your showroom with these products ensures that your retail department is equipped with anything your customers need to keep their car looking as good as it did the day they bought it!

CELL PHONE ACCESSORIES

Cell phone accessories is one of the most important categories in terms of impulse purchases. In today's digital world, most everyone has a cell phone and/or a tablet of some kind. Superior Auto Extras knows that in this connected world, having a dead battery is one of the worst things that can happen. We proudly offer Shift Tech as our primary brand of mobile electronic accessories. Our selection covers virtually all devices, no matter the shape or size. We distribute all types of cords, chargers, mobile mounts, ear phones and more. Most importantly, Shift Tech is of the highest quality. With our customers devices in mind, we won't risk selling you an item that will cause damage. We back this up with a complete list of Android and Apple Certifications with a manufacturer guarantee.

Premium cables, chargers and other accessories to keep drivers safely and effectively connected.

GENERAL MERCHANDISE

All car wash lobbies are best served to carry general merchandise items. The increased value to a car wash customer is noted by offering an array of general merchandise items. These items can include wallets, beanies, gloves and sunglasses, just to name a few. These items are available to hang on the wall, put in a counter display, as well as be merchandised in various floor displays. This category's success is based on high profit dollars for the car wash, needs of the customer, and an ever-evolving selection of products. Don't miss out on having the best selection of general merchandise for your showroom.

MICROFIBER AND TERRY TOWELS

Microfiber towels are great for washing, drying and waxing your ride. They gently remove dirt and grime by using thousands of microfibers to trap particles, preventing scratches to your ride. For drying, they absorb water 3x faster than cotton towels and retain over 7x their weight in water. For polishing, their revolutionary weave combines friction, static electricity and capillary effect to lift, hold and remove wax, glaze, polish and other surface residues with ease.

VACUUM HOSES

Superior Hoses have smooth interiors to insure efficient air flow. Our carefully designed exterior ridge creates the lightest and most flexible hose available on the market. The likelihood of kink or crush is simply eliminated with these benefits. These hoses are ideal for wet/dry vacuums in car wash, commercial, and industrial applications.

CHEMICAL INJECTORS

The CHEM-FLEX™ Injector is an innovative new product whose components are manufactured utilizing Kynar®, stainless steel, Hastelloy® and a proprietary O-Ring material to create the most chemical-resistant injector on the market. CHEM-FLEX injectors are designed to inject fluids or air into conveying liquid under pressure. The water being pushed through the injector creates a vacuum and the chemical or air is inducted into the water stream.

TIPS KIT

Metering tips are used to control the amount of chemical being drawn into the water stream. Metering tips are placed in the plastic tubing containing the chemicals and water flow. Each tip color allows the chemical to flow at a specific rate. The dilution ratio produced by the tips is measured by the water volume or GPM and pressure or PSI flowing through the plastic tube

HYDROMINDERS

When the solution level in a reservoir drops, the float activates a nonelectric, magnetic valve. Flow of water through the valve and to the proportioner siphons the liquid concentrate, automatically maintaining the level of solution. No electrical connections or special plumbing. All models are installed using standard plumbing fixtures. Engineered for maximum life and corrosion resistance. Stainless steel, nickel plated brass, glass filled nylon and molded polypropylene are used for durability and serviceability.

CAT PUMPS

Plunger: Plunger Pumps are triplex [three plunger rods] positive displacement, reciprocating, plunger pump, constructed of a forged brass manifold, 304SS valve assemblies, solid ceramic plungers and standard NBR [Buna-N] seals and O-Rings. Cat Pumps are the premier car wash pumps.

Piston: This is a triplex [three piston rods] positive displacement, reciprocating, piston pump, constructed with brass manifolds, 304SS valve assemblies, chrome-plated 304SS cylinders and sleeves and standard NBR [Buna-N] seals and O-Rings. Its low RPM is designed for belt drive. The Uniflow design features a mechanically actuated inlet valve providing a continuous forward fluid flow and strong suction.

Crankcase Oil ISO 68 Special Formula

Premium Grade. Cat Pumps custom blend crankcase oil is exclusively designed, tested and proven to maximize the life of your Cat Pump. This special formulated premium-grade, petroleum-based, ISO68 hydraulic oil contains the most advanced additive package to protect against wear, oxidation, rust and corrosion.

HYPRO PUMPS

PowerLine Plus 2000 plunger pumps are designed for pumping water, soap, detergent, and other nonflammable liquids that are compatible with pump component materials. Construction features include an oil-bath crankcase, a forged brass head, polished ceramic plungers and stainless steel unitized valves, (high-temperature, preloaded cup seals). Car wash pumps include high performance, low pressure seals for superior reliability in high vacuum applications. Heavy-duty, high pressure seals and back-up washers are included in all car wash pumps to guard against corrosion and continuous duty fatigue.

GENERAL PUMPS

The high-temperature pumps of the HT series have been designed for use in applications where the water must be pre-heated, such as in carwash, food, and pharmaceutical industries. Maximum temperature of the water through the pump is 185°F (85°C).

General Pump Industrial Oil is a premium multipurpose lubricant formulated to protect against rust and oxidation. It offers long service life and prevents sludge and varnish formation - even at high temperatures. General Pump Industrial Oil possesses a high natural viscosity index. This means more constant operating characteristics over a wide temperature range.

SPRAY GUNS

Black Heavy duty American-made shut-off gun with rear load design. An ergonomic handle and trigger design that allow the user to operate the gun in an easy manner. With the unique orientation of the discharge tube, the gun allows the user to work for long periods of time. The safety lock prevents accidental opening of the valve. Designed with a stainless steel control bolt, stainless steel cam, stainless steel seat and stainless steel ball, the gun features machined brass inlet fitting, and plated steel inlet and discharge tube. With a 4:1 burst ratio and six month warranty, this shut-off gun features the most durable design (in its class) in its industry.

You'll find a GunJet® spray gun ideally suited to your cleaning and rinsing operation. Choose from a wide range of clean-up and washdown guns for high-, medium- and low-pressure operation.

Dozens of compatible spray tips, materials and accessories are also available. Plus, a full line of extensions, inlet/outlet adapters, swivel connectors, and strainers ensure you'll be able to customize one of our spray guns to your exact requirements. Specially-designed handles improve control and reduce operator fatigue. Smooth-pull triggers enable accurate and consistent flow control. Textured grips minimize the chance for slippage and accidents. Leak-free operation.

SPRAYING SYSTEMS

The Spraying Systems Trigger Jet Wand is made of polypropylene for excellent corrosion resistance. 150 max PSI.

The adjustable cone jet spray tip comes with a Viton orifice insert and is used with the 22650 Trigger Jet Spray Gun. The tip has an easy finger-tip control to adjust spray pattern, capacity, spray angle, and coverage.

Spraying Systems Wash Jet spray tip with vain provides high-impact sprays that are ideal for washing applications with high pressure. The construction of stainless steel offers long service life. As the liquid flows through the round orifice, it forms into a spray pattern of a flat, even edge, type of fan. The distribution at pressures over 300 PSI remains even throughout.

HOSE REEL

COXREELS® CM Series "Caddy Mount" hand crank hose reel offers lightweight, compact portability for long lengths of hose. Eliminate the task of manually coiling and uncoiling hose and easily transport it to the job site on wheels. High pressure applications are no problem with a 4,000 PSI rating. Also, a 4' inlet hose with 3/4" female fitting and male garden adapter is available with this series for use with garden hose. This Pure Flow hose reel comes standard equipped with stainless steel air/fluid paths and stainless steel swivels with non-toxic, food quality grease, ensuring clean, non-contaminated, safe and reliable transfer of breathing air, potable water or other clean fluids.

PRESSURE ACTUATED UNLOADER

This is a pressure-actuated unloader designed for any pump that fits within the flow and pressure range of the unloader. The unloader regulates the flow in the system and maintains system pressure via an adjustable nut that controls the amount of tension on a pressure spring. When no flow is going out the outlet port, all flow is diverted to the bypass port at virtually no pressure. The unloader is capable of handling one or more shut-off guns and should be run with no bypass (if the full flow from the pump is going through the unloader). It actuates at around 10% above the system pressure.

P857064
Giant Stainless Steel Pressure Actuated Unloader With Red Spring - 2400 Psi
1 Piece \$107.16

PRESSURE REGULATING VALVE

Designed for use with any positive displacement pump. Hydra-Cell C Series pressure regulating valves bypass system fluid to prevent excess system pressure. They can also be used as pressure relief valves. C Series Hydra-Cell Valves bypass system fluid to prevent excess system pressure. When a system discharge is completely closed – such as a closed spray gun, closed valve or plugged nozzle – the Hydra-Cell Valve bypasses the total system fluid flow. They also balance system pressure for multiple-gun operations. The Hydra-Cell Valve design is simple: a tapered plunger with a valve seat.

P857065
Wanner Pumps Hydra-Cell Model C22ac Bypass Pressure Regulating Valve 3/4"

HOSE FITTINGS

The 43 Series of hydraulic hose fittings from Parker Hannifin is renowned for its ease of assembly, wide selection of shape and end formations, hose compatibility, and extensive use across markets. This cost-effective line of permanent crimp-style hydraulic fittings is designed for use with Parkcrimp crimpers to deliver "bite-the-wire" sealing and holding power. When used with Parker's No-Skive hoses, 43 Series fittings can be assembled without removing the outer hose cover, eliminating premature hose failure caused by skiving too long or too short. 43 Series fittings feature one-piece construction with chromium-6-free plating, and are compatible with petroleum-based hydraulic fluids and lubricating oils and with phosphate-ester-based hydraulic fluids.

FLOW SWITCH

Used for adjusting the maximum working pressure and safe guarding the high pressure water pipes. Ideal for steam combination applications. Low pressure limit eliminates need for additional metering devices. Working components constructed of high-grade stainless steel. PTFE and Viton seals for maximum heat and chemical resistance. Straight flow through design minimizes pressure loss through valve. Adjustable valve allows limit setting on both maximum and minimum pressures. Internal bypass valve can be easily accessed and repaired without removing the unloader from unit.

The General Pump flow switch is designed to operate in response to a low volume, low pressure flow and still allow for a high pump output flow. The system will provide reliable switching with as little as .75 GPM flow and 18 PSI from the city water supply and will also allow pump output flow up to 18.7 GPM at 4,000 PSI with negligible pressure drop through the valve. General Pump flow switches provide durable, reliable on/off switching for systems that require start/stop capability.

FOOT VALVE

Viton foot valve commonly used with harsh chemicals such as whitewall cleaner, butyl and other alkali products. Step down design to fit 1/4", 3/8" and 1/2" tubing. Hydro Foot Valves allow one-way flow of chemical concentrations. Prevents solutions from "back-flowing" into supply tubing. Constructed of corrosion-resistant plastic and rubber materials for longer life.

Polypropylene bodies with EPDM or Viton® diaphragms.

Polyethylene for chemical lines. Step-down barb design allows for use with 1/4", 3/8" or 1/2" tubing. Designed for one-way flow of product and positive seal against flow in the opposite direction.

CLACK VALVE

This glass filled Noryl1 (or equivalent) fully automatic control valve is designed as the primary control center to direct and regulate all cycles of a downflow regeneration water softener or filter. The time clock control valve can be set to perform downflow regeneration or simply backwash. The control valve is compatible with a variety of regenerants and resin cleaners. The control valve is capable of routing the flow of water in the necessary paths to regenerate or backwash water treatment systems. The injector regulates the flow of brine or other regenerants.

POLYPROPYLENE CHECK VALVE

The 685 Poppet Check Valve incorporates a thin elastomer disc supported by a poppet that seals on the seat. Pressure in the flow direction moves the seal off the seat at about 1/3 PSI before pressure builds enough to move the poppet away from the seat. Maximum operating pressure of 125 PSI covers a wide range of air and fluid applications. Compact design with a light cracking pressure, high flow rate, and a positive seal at very low back pressure or slight vacuum. An embedded O-Ring Poppet is supplied for cracking pressure applications 1/2 PSI and higher Hastelloy® is a superior chemically resistant spring material.

A thin elastomer disc with a poppet sealing on the seat supports the SMC 685 series Poppet Check Valve. Pressure on the direction of flow moves the seal off the seat at about 1/3 PSI before pressure builds up enough to move the poppet away from the seat maximum. Operating pressure of 125 PSI covers a wide range of applications for air and fluid.

HYPRO NOZZLE CHECK VALVE

Designed to deliver the highest flow rates across the spraying pressure range. Unique DCV (diaphragm check valve) design reduces restrictions in the flow path, enabling 2.6 GPM (9.8 lpm) with a 5 PSI (0.34 bar) pressure drop through the nozzle. Supports faster field speeds with the same coverage and supports. Direct fertilizer application through the nozzle body DCV flow path. Turret-indexing design provides improved consistency and reliability throughout the life of the nozzle body – eliminating free spinning and seizing problems seen on competitive nozzle bodies. Bayonet style attachment allows for automatic spray alignment using flat fan spray nozzles. Compact design makes mounting easier with less potential interference with the spray boom structure.

DEMA SOLENOID VALVE

Diaphragm solenoid valves are available for 3/8-3/4" pipes, have orifices from 9/16-3/4," are constructed of brass or stainless steel, and have stainless steel seats. When energized, the plunger is pulled to the top plug, thus opening the small "pilot port" in the center of the diaphragm plate. This releases the pressure on top of the diaphragm allowing incoming pressure to lift it off the large center port. When de-energized, the solenoid plunger is pushed from the top plug by the kick-off spring and closes the pilot port. Fluid passes through the diaphragm bleed hole until pressure is equalized on both sides of the diaphragm to shut off the large port.

AUTO ALERT FLOOR SWITCH

Auto Alert provides automatic vehicle detection without frequent maintenance worries. Auto Alert is an extremely effective, yet uncomplicated, economical vehicle detection device, perfect for any drive through oriented business, parking system or as an industrial door control. The vehicle simply passes over the molded weather-resistant vinyl detector and the system is activated. Auto Alert is easily wired to lights, horn, bells, or any signaling device. For industrial use, the Auto Alert can provide an efficient method of traffic management. Located strategically around the plant, the detectors can be wired to open and close doors, activate warning signals, or actuate machinery. The car wash industry finds the Auto Alert ideal for turning equipment on and off without touching cars. The Recora Auto Alert is rugged enough to work under multi-ton trucks, yet sensitive enough to react to the smallest, lightest cars. The Auto Alert is safer, faster and easier to move to any spot in the wash tunnel or on the apron for exact timing control.

REGULATORS

The valve regulates the maximum pressure of the system by varying the flow discharged by the bypass. This product is intended to be incorporated on a finished machine and used with clean fresh water.

Piggybacks are compact and most effective when space is a constraint. Piggybacks can be ordered with different filter elements and can be modified with different springs, depending on the filtration and air regulating requirements.

Air line regulators provide controlled, consistent air pressure as required for specific pneumatic equipment connected to the air system.

WATER FILTERS

Hydronix HFS commercial filter housing is a high durability commercial filter housing for 10" length cartridges. It has excellent chemical resistance and is ideal for many residential, commercial, and light industrial applications. NSF tested and certified to NSF/ANSI standard 42 for material and structural integrity.

P857134
2121 Complete Filter
Housing 10" Clear
1 Piece \$31.85

Keystone sediment cartridges feature pleated construction to provide a large amount of filtration surface area and greater dirt holding capacity. In water and water-like liquids, dirt is trapped on the outside surfaces of the filter cartridge. The large surface area of a pleated cartridge greatly increases the life of the filter.

P857140
110 Single Water Filter
5-Micron 10"
1 Piece \$7.38

SINGLE SEDIMENT FILTER

The purity and reliability of Hytrex cartridge filters ensure consistent results, time after time. Thermally bonded microfibers create a strong secure cartridge that traps particles throughout its depth. Hytrex combines efficiency, long life, and purity to create a high performance depth filter. Pure polypropylene construction. Fast rinse-up in high purity applications.

TANKLESS WATER HEATER

Thermal Efficiency with stainless steel condensing heat exchanger. Intelligent electronic controls designed to increase energy efficiency and safety. Low flow fixture compatible – Industry minimum flow rate of .26 GPM and minimum activation flow rate of .40 GPM ensures the user will receive hot water even in low demand

P857155
Rheem Commercial Tankless Water Heater
90 Degree Rise
1 Piece \$1,612.76

RELIEF VALVE KIT

This product is a hot and cold water service valve kit that is easy to install and maintain. It contains multiple valves and connections in a single part, thus allowing for easy installation and maintenance. It comes with the following features: service valves, pressure relief valve, a very high rating with users, clean brass that meets California Low Lead Codes requirements, and warranty on parts.

Rheem Webston Isolation Relief Valve Kit
1 Piece \$129.35

GAS FIRED TUBE HEATER

The energy-saving qualities of infrared heating can be applied in many wet, contaminated or harsh environments with the -SS Series of stainless steel low intensity tube heaters from Re-Verber-Ray®. Constructed of 304 and 409 stainless steels, the -SS Series is also ideal for use in many outdoor applications. Re-Verber-Ray® -SS Series infrared tube heaters offer the latest in technology and the BEST in durability and performance!

Radiant Tube Heater
1 Piece \$2,015.20

GAS FIRED TUBE HEATER

Doorjet heaters stop the chills and wasted energy that occur when outside bay doors are opened in car washes, industrial plants, and distribution centers. The DOORJET's heat surge tempers the in-rushing cold air, keeping employees working in the area comfortable and saving energy dollars. Fully automatic operation. Solaronics DOORJETs operate via a trip switch that starts the fan and burner automatically as the door is raised. A "jet" of heated air is directed toward the door instantly. When the door closes, the fan and burner turn off immediately. Easy installation for all door types.

P857161
Huron Valley 950,000 Btu Door Jet Heater
1 Piece \$11,710.40

REVERSE OSMOSIS GPD SYSTEM

Thermal Efficiency with stainless steel condensing heat exchanger. Intelligent electronic controls designed to increase energy efficiency and safety. Low flow fixture compatible – Industry minimum flow rate of .26 GPM and minimum activation flow rate of .40 GPM ensures the user will receive hot water even in low demand.

P857162
Velocity Reverse Osmosis 600 Gpd System
1 Piece \$3,259.89

P857164
Velocity Reverse Osmosis 2200 Gpd System
1 Piece \$6,347.40

Capable of producing 2,200 gallons of filtered water a day, this product comes fully equipped, and is specially designed for low-energy consumption. This product is popular for its low maintenance, high performance and high flow, as well as its space-save design. It is great for high pressure situations.

P857163
Velocity Reverse Osmosis
1200 Gpd System
1 Piece \$4,607.70

The ProSeries 1200 GPD produces around 1200 gallons a day of pure filtered water. This light commercial reverse osmosis system is designed to provide you with a very cost effective commercial RO system. It's simple to install, easy to use, and an economical commercial water filtering option.

P857165
Velocity Reverse Osmosis
4400 Gpd System
1 Piece \$6,744.80

The ProSeries 4400 GPD produces around 4400 gallons a day of pure filtered water. This light commercial reverse osmosis system is designed to provide you with a very cost effective commercial RO system. It's simple to install, easy to use, and an economical commercial water filtering option.

P857166
Velocity Reverse Osmosis
6600 Gpd System
1 Piece \$7,607.10

The ProSeries 6600 GPD produces around 6600 gallons a day of pure filtered water. This light commercial reverse osmosis system is designed to provide you with a very cost effective commercial RO system. It's simple to install, easy to use, and an economical commercial water filtering option.

CONVEYER CHAINS AND PARTS

High Quality, Precision Hardened Chain for conveyor car wash systems. Designed for superior performance under extreme conditions.

P857168
Hamel Chromium Steel 4" Pitch Premium
Threaded Conveyor Chain - 10'
1 Piece \$94.31

Sprockets are rotating parts with teeth that are used in conjunction with a chain and, almost always, at least one other sprocket to transmit torque. Sprockets and chain can be used to change the speed, torque, or original direction of a motor. In order for sprockets and chain to be compatible with each other they must both have the same thickness and pitch. In order for the sprockets and chain to work effectively, all of the sprockets should be on parallel shafts with their corresponding teeth on the same plane

P857169
Peco Chromium Steel 4" Pitch Drive
Sprocket Conveyor Chain - 10'
1 Piece \$170.00

High Quality, Precision Hardened Chain for conveyor car wash systems. Designed for superior performance under extreme conditions.
